

John Wasson Study Abroad Fellowship 2022-23 Application

John Wasson has allowed us to distribute \$6,700 in award money to an undergraduate student in the UC Davis Department of Chemical Engineering & the UC Davis College of Engineering that is participating in a UC Davis Study Abroad Program (UC Education Abroad Program (UCEAP), UC Davis Summer, Quarter, and Seminars Abroad) during Summer 2023 or 2023-2024 academic year. Students studying in the Department of Chemical Engineering will be given priority.

The minimum cumulative GPA requirement to apply is 3.25.

To apply, please submit a one-page response to the following questions:

1. Please describe where you plan to go, for how long, and which courses you plan to take while abroad.
2. How will this experience improve your educational experience here at UC Davis?
3. How will this experience advance your academic and professional goals?
4. Do you plan to engage in a hands-on experience or research while abroad?

Deadline: Application due to ech-advising@ucdavis.edu by **April 1, 2023**.

The Undergraduate Advisory Committee will review applications and determine the \$6,700 award for study abroad by **June 1, 2023**.
